RELEASE DATE: February 1, 2022

## **TOBY'S FUND LAUNCHES A "CALL FOR DONATIONS" — FEBRUARY 1 THROUGH MAY 31, 2022**

Toby's Fund for Reproductive Health Equity, a 501(c)(3) project of the McHenry County Citizens for Choice Education Fund serves McHenry County, Illinois and provides funding for Abortions, Emergency Contraception, and Pregnancy Prevention to residents who decide not to be pregnant but cannot meet the financial requirements.

**FOR THE FIRST TIME IN 50 YEARS** the U.S. Supreme Court may follow the lead of many States and disallow a pregnant person's ability to obtain abortion services. This move will imperil primarily people of color and the poor. If Roe vs. Wade is overturned by the Supreme Court, at least 21 states will no longer provide any abortion services. Abortion pills will also be imperiled. Eighty percent of the United States want to keep Roe as is, but those who do not wish to allow people to make these health decisions for themselves now find that they have a majority on the Supreme Court. It is grossly unfair.

**TOBY'S FUND NEEDS TO RAISE AT LEAST \$10,000** to fund the most innovative projects in McHenry County to meet the direct needs of McHenry County residents to prevent pregnancy and provide available contraception. Groups that represent the under-served and most vulnerable will be given preference. All money is pass-through. No one at Toby's Fund receives compensation.

**Request For Proposals (RFPs)** will be considered at the end of Summer 2022 and projects selected will start immediately. Criteria for Request for Proposals will be available by August 2022 for distribution. If you wish to receive an RFP please submit your name and email to [info@mccctobysfund.org](mailto:info@mccctobysfund.org)
